

July 3 1939

Mr. Tom Taguer
19 Beekman St.
New York City

Dear Sir:

I received the jacket you sent me for the sample lettering, and have shipped it back to you today. I did not care for the style of lettering on it.

I have decided to have the gray suits made with the script lettering in Navy Blue. All trim in Navy Blue, except the eagle.

I want a gray chenille eagle on the Navy Blue cap, copied from the sample you have as near as possible, but it does not have to be exact. I want the same eagle on the shirt sleeve, but it will be necessary to outline the one on the shirt sleeve, in Navy Blue in order to have it stand out. I would not object to a little red or morroune introduced in the eagles if possible.

I will greatly appreciate receiving the order as soon as possible.

I received the other things you sent me today, in plenty time for the opening of the softball league. I want to thank you very very much for the same. You were very kind to rush them so quickly for me.

I hope I have made every thing clear. The name on the suits is to be "Newark"

Very Truly Yours
